

Press Note Summer Camp

Nehru Experimental Centre, Ankur at ICAR-Indian Agricultural Research Institute, New Delhi organized a month-long summer camp from May 22 to June 21. The camp was aimed to provide an enriching and educational experience for children between the ages of 3 to 12 years. The summer camp offered a wide range of engaging activities to stimulate the young minds of the participants.

Dr. Renu Singh, President, Pusa Institute Ladies Association (PILA) stated, "Our aim was to provide a holistic learning experience for the children, combining education, physical fitness, creativity, and cultural exploration. We are delighted with the enthusiastic participation and engagement displayed by the young campers throughout the program."

The camp included various physical activities such as yoga, aerobics, drama, and dance that improved the children's flexibility and coordination. These activities also fostered teamwork and self-expression among the participants. The children expressed their artistic side through arts and crafts activities that stimulated their creativity and imagination. They made original artworks with different materials and techniques. The camp also offered computer skill activities that taught the children essential technological skills for the digital age. The children enjoyed learning various computer-related skills through interactive sessions that increased their digital literacy. Mythological stories enthralled the children and took them on a journey to the past, where they learned important ethical principles. Fireless cooking activities enabled the children to explore their culinary skills in a safe and supervised environment. Additionally, the participants had the opportunity to practice slokas, promoting spiritual and cultural development.

The Chief Guest of the valedictory function Dr. A.K. Singh, Director , ICAR-Indian Agricultural Research Institute expressed his satisfaction with the summer camp's outcome. He indicated that the valuable knowledge, skills and experiences gained by participants will contribute to their growth and future endeavours. The function was also graced by Dr R .N. Padaria ,(Joint Director -Extension), Dr Anupama Singh, (Joint Director-Education),Sh. Pushendra Kumar (Joint Director-Administration), members of Nehru Experimental centre, facilitators of summer camp, parents and children. Sharing their feedback parents were highly appreciative and thanked the organizers. Certificate of Participation were also awarded to the participants. The programme ended with a formal vote of thanks.
